THIS FUNDRAISER WILL BENEFIT:

Therapy Animals of Utah (TAU): A nonprofit organization dedicated to sharing the comfort, love, hope, and healing of the human-animal bond through training, service, education, and research. TAU volunteers take registered therapy dogs, cats, horses, and other domesticated pets to visit schools, hospitals, care centers, mental health clinics, libraries, and other facilities from Tremonton to Springville. Time and time again, TAU's trained teams have elicited near-miraculous responses from the diverse clients they serve.
